- A list of vehicle sales to qualify for demonstration plates. A dealer must have sold at least 15 vehicles during the previous 12 months (dealer license year) to obtain two demonstration plates. Each additional 15 sales will allow the issuance of another plate. A dealer's plate eligibility will be determined from the SCDMV's system, which calculates the total sales to SC retail buyers. If the number of SC retail sales does not warrant any or enough sales for plates, a dealer is authorized to submit out-of-state retail buyers or dealer-to-dealer sales. These sales can be listed on one of the following:
 - a. SCDMV Form DLA-1C: Certification of Vehicles Sold; or
 - b. CVR Sales Volume Verification letter; or
 - c. Letter size paper (8 ½ x 11) listing a minimum of 15 numbered transactions with date of sale, complete name and address of buyer, vehicle year, make, and VIN

Out-of-state sales or dealer-to-dealer sales are the only sales to be submitted to a branch office.
- Paper copy of valid commercial (garage) liability insurance (i.e., Certificate of Liability Insurance). Personal liability insurance policy is **not** acceptable. NOTE: Name and physical address of insured must match name and physical address of dealership.

A dealer or wholesaler license applies to only one place of business (of the applicant) and is not transferable to another person or place of business. Any change in information submitted on a first-time or renewal application during the license year must be reported in writing to the Dealer License and Audit Unit at one of the below addresses within 30 days after the change occurs.

The following actions CANNOT be completed while renewing a license at a branch office and require a new application with supporting documents to be mailed for standard delivery to SCDMV Dealer License and Audit Unit, P.O.
